

PERFORMANCE OF THE INSTITUTION IN AREAS DISTINCTIVE TO ITS VISION, PRIORITY AND THRUST

The college aspires to be known as an institution that promotes the following:

1. Promoting academic, physical, moral and cultural development of students to make them responsible citizens of the country.
2. Promote education of girl students.
3. Catering to the needs of the local community.

To achieve the above mentioned goals the college has been working consistently in the following areas:

1. Since its inception in 1956 the college has rendered valuable contribution to the field of higher education among under privileged students particularly students from refugee families who settled here after partition. The highly qualified teachers of the college try to impart quality education by both conventional and non-conventional methods. Apart from academic excellence, the college also pays sincere attention to the physical, moral and cultural development of the students. The college has a large playground and ample sports equipment which encourage our students to engage themselves in different sports activities on a regular basis. One of the students won the gold medal in National Savate Championship. The college organised some inter college sport events under West Bengal State University. The college has a well equipped gymnasium which is utilised by students and staff. The students actively take part in various cultural events organised by the college viz Teachers' Day Celebration, Annual Social, Freshers' Welcome, celebration of birthday of Rabindranath Tagore to name a few.
2. The newly functional Women's Hostel of the college is serving the girl students of our college, UG and PG, and also students from neighbouring institutions. This serves to mitigate the serious accommodation problem and career aspirations for female students coming from distant areas. The ratio of female students in our college is quite high in spite of it being a co-educational college.
3. The college extends its helping hand when it comes to the need of the local community. In previous years during flood the college gave shelter to many people of the locality. This year too, in the month of February there was a devastating fire at a slum in our municipal area adopted by us. Slum Dwellers were provided shelter by our College from 12.2.19 to 16.02.19.

Our NSS unit together with other students and staff coordinated the rehabilitation effort earnestly. Moreover, the large playground is fully utilised by our neighbouring institutions .Local primary schools, secondary schools, institute for special children, local clubs regularly various sports activity and tournaments in our college. Outreach activities of NSS and IQAC like blood donation camp, health awareness campaigns are organised regularly where people from the community attend. A seven day outreach programme on social welfare was taken up at the Dunlop parking slum from 2.2.2019 -8.2.2019 with active participation of NSS and IQAC member faculties and NSS student volunteers.
