About the Program: The National Science Day is celebrated every year on 28th February to mark the occasion of the Noble Prize winning discovery of RAMAN EFFECT by Sir C. V Raman at the Indian Association for the Cultivation of Science (IACS) in Kolkata in the year 1928. This year we are going to celebrate the occasion at our college premises on 28th February, 2020 from 12 pm onwards. The basic objective of celebration is to invoke interest and passion of science among the students and to spread the message of importance of science and its application among the people. The program consists of popular scientific talks by some of our faculty members followed by different laboratory visit with experimental demonstrations and Quiz.
