Dear Students,

We all are going through a really challenging time unprecedented in history. You are therefore, requested to follow the directions issued by the Government of India and the Government of West Bengal to prevent the spread of the dreaded Corona virus COVID-19. Do not go out of your houses and maintain social distance, as this is the need of the hour.

In this hour of crisis always remember that your teachers are there to help you not only with your studies but in other matters as well. If you face any problem please let us know so that we can help you collectively within our limited capacity.

As the college has been closed since long as a precautionary measure, do not treat this as a holiday but prepare yourself for the forthcoming examinations. To make progress with the syllabus most of the teachers of our college are communicating with you through online classes (via audio or video mode) and sharing notes via email or sharing audio or video recordings through social networking sites. Hope you are finding them useful.

We assure you that if any of you have any difficulty in accessing these classes, the concerned teachers will definitely help you on commencement of regular classes in the College.

Please do not panic , eat healthy, stay healthy , relax and spend quality time with your family.

Together we will win the battle.
